Our Mission: To further early childhood development and autism intervention through incredible, affordable and fun sensory-friendly shows and assemblies. Our goal is to engage children with important social, emotional and educational topics. We believe that education happens both in and out of the classroom. Every child, regardless of developmental ability or socioeconomic status, should have a right to learn and grow to their fullest potential. Arts-integration in education is a vital tool for expanding young minds and building new, exciting connections between children and the world around them.
