

## PERA Committee Minutes

January 26, 2015

Present: Pam Steele, Kathy Colbert, Jim Spratt, Andrew Nelson, Ann Tilton, Ranae Leamanczyk, Kip Crandall, Adam Larsen, Teri Schuster

BEGIN: 3:33pm

1. 1/12/15 Minutes Approved
2. SLO Tool Reactions (feedback from peers?)
  - Teachers are ready for more information. They want to know what is next and what types of percentages and goals are expected
  - Pull together RCD participants in one room to walk through Combined Evaluation Template
  - Adam will send invite for Monday, February 2.
3. Student Growth Assessment Menu
  - Adam Explained each category
  - Answer questions about ALG. I 8<sup>th</sup> grade test- PARCC was not finished with the test for 8<sup>th</sup> grade to be able to take this test this year, but available at high school
  - Can those that are piloting plug in a couple of different type I options to see where they fall? YES.
4. Training SLOS
  - Special Ed. Teachers would be an excellent resource because they write them all the time.
  - Establishing growth target and turning those dials will be the hardest part to learn
  - We will have a Template Menu with the following:
    - *½ to 100* - (see #4 in KidsatCore Resource Packet)
    - *Everybody Grows*- (see #5 in KidsatCore Resource Packet)
    - *Individual Target*-(see #1 in KidsatCore Resource Packet)
  - Assignment: 1 Week from today (2/2/15) all in PERA should write one SLO example for each of the above templates and email to Adam
5. ISBE Video – Diana Zelinski
  - Will accompany SLO training (less than 10 min.)
  - Perhaps teachers can watch them in small groups in their teams or common plans and discuss and note questions.
6. Evaluation Cycles
  - We need to choose two options from Resource Packet at put them on one sheet of paper for teachers to see.

Note: Good Assessments and SLOs are more important than the % of student growth in evaluation AND we need to communicate ownership of this.

END: 4:35p.m.
